

Decoration regulations

The General Manager's Office will check all stand installations and will reject those that do not conform to the exhibition regulations. It is Mandatory to send (before the 03/09/2008) your stand project plan (with horizontal and vertical dimensions) to the following address:

DECO PLUS - FEMOV 08 - Wilfrid Tougard -
1, rue Paul Delaroché - 75116 Paris - France -
Tél. : +33(0)1 47 63 94 84 Fax : +33(0)1 43 80 59 63 Email :
w.decoplus@free.fr

VERY IMPORTANT: when the exhibitor signs his/her admission request, s/he agrees to abide by all clauses contained in the "General Regulations" and "Exhibition Regulations" and to ensure that all decorators and contractors abide by them. The general regulations laid down by the "Fédération Française des salons spécialisés" (French Federation for specialist exhibitions) may be obtained on request from: EXPO INDUS - Fax: 33 (0)1 44 41 83 22, please indicate the concerning exhibition.

1. Hall floors, pillars and walls

It is strictly forbidden to drill, screw, nail or embed in the walls, partitions, pillars and floors of the halls; attaching machines to be exhibited to these elements is also forbidden. A fixed sum of 450 €/excl. tax per hole will be charge to the exhibitor for non-compliance with these regulations. Exhibitors must not paint or mark on the walls, pillars and floors of the halls.

Maximum weight allowance on the floor:

- Normal convoy: 13 tons per axle
- Overweight: 5 Tons per sq.m
- Punching: 6,5 Tons for a 10x10cm area (10 Tons at the back of the hall)

Your stand area must be restored to its original condition. Any rubbish (carpet, adhesive, etc.) must be removed. Any damage reported during disassembly of the stand will be invoiced to the exhibitor responsible. The exhibitor is personally responsible for his/her suppliers: decorators, installers, contractors, etc.

2. Setting-up of stands and presentation of exhibits

Exhibits on display must not disturb or damage neighbouring stands. No exhibit may exceed the surface area of the stand.

3. Acoustic animation

All exhibitors wishing to use acoustic animation on their stand must do so in accordance with the following regulation:

The maximum sound level must not exceed 80 dB(A) - in a 2,5 meter area surrounding each stand.

For safety reasons, the exhibition park imposes to every exhibitor an enslavement of their sound system to the general security announcement device. For any complementary information, please refer to the "Paris-expo" exhibitor guide (sent by post) or www.paris-expo.fr.

4. Electrical fittings on stands

For obvious reasons of safety, it is strictly forbidden to use the Exhibition Park's private installations (hall raceways, water gutters, etc.) as a passageway for the stands' electrical cables.

5. Height of construction - Restricted area

Maximum height: 2,50 m

All construction or decoration items set up at the edge of the stand, which are over 2.5 m high and within the 6.00 meters limit

above the building floor, must be positioned 1 m away from the neighbouring stand.

6. Partitions and constructions bordering the aisles

Sides of offices, decoration or panels facing towards the neighbouring stands must be smooth, plain coloured and painted or covered with M1 fireproof mural fabric.

It is forbidden to erect a wall or screen made up of partitions or office sides that impairs the overall view of the show, or hides the neighbouring stands. For this reason a 2.50 m wide opening must be established every 4 m.

Maximum height is 6.00 meters. Mid-height partitions or barriers limiting public access to equipment in operation are permitted, but these must not exceed 1.10 m in height, and must comply with the safety and evacuation standards in force.

7. Sign/Light brackets

The top of the sign or its structure must not be higher than 6.00 m above the building floor. The sign must not extend beyond the space of the stand, and must not be closer than 1 m to the neighbouring stand.

8. Lighting

The use of revolving or flashing lights is forbidden.

9. Covering of pillars

A maximum height of 6.00 meters from the floor. It can be supported by the pillar, but must be separated or, at the very least, insulated with soft material (felt, hardboard, sponge, etc.) placed over the points of contact.

Every pillar is already covered by a wooden dressing (height 3m).

10. Hanging of frameworks

This work may be carried out only by the Exhibition park Services. Please contact the Exhibitor Service (+33 (0) 1 48 63 31 31) or refer to the "Paris Nord Villepinte" guide (sent by post) or www.expoparisnord.com

11. Raised level / Regulation

(Safety regulations section 5). Please submit 2 copies (if sent by post) of layouts and calculation of stability figures to the organizers (1 month before the opening of the exhibition) at:

DECO PLUS - FEMOV 2008

Wilfrid TOUGARD

1 rue Paul Delaroché 75446 Paris FRANCE

Tél : 33.(0)1.47.63.94.84 - Fax : 33.(0)1.43.80.59.63

Email: w.decoplus@free.fr

Conditions: Please contact our commercial department (contacts details p.4)

Maximum size: 300 sq.m

The total height of the constructions must not exceed 6 meters. Stands with raised levels may not be covered. The partitions for the raised level must be opaque and set back at a distance of 1 m from the boundaries of the stand and the aisles too. It is strictly forbidden to place anything whatsoever over the aisles (structure or banner signposting, gangway, etc.)

12. Use of gas containers

The number of gas containers must be kept to a minimum. Their on-stand storage is strictly forbidden. Their connection and fixing to the machine is obligatory. The use of empty or fake bottles is to be preferred whenever possible. Empty or fake bottles must be identified and marked by the exhibitor.

13. Leaflets

It is strictly prohibited to distribute leaflets, flyers or any other such material outside the stands or in the areas around the halls (reception gallery, car parks and square).

14. Working equipment

See Form to make your declaration. All equipment displayed in working order during the exhibition must be declared to the Organizer (form to be returned to M. Philippe Watteau 41 rue Lazare Carnot - 77340 PONTAULT COMBAULT- France. Fax: +33 (0) 1 70 10 67 89, email: cab.watteau@chello.fr). Exhibitors accept full responsibility for all presentations and demonstrations made by them, under penalty of being inactivated.

Nevertheless, only machines and equipment certified by the Safety Commission as being in accordance with the regulations will be authorized to be displayed in working order.

15. Equipment in motion

Whenever equipment is presented in motion, a protected area should be reserved for these maneuvers so that there will always be a minimum distance of 1 meter between the equipment and visitors; this minimum distance may be increased according to the characteristics of the equipment on display. These regulations will be valid for all stands, including stands located outdoors.
